## Re: Disclosure of Responsive Records to Public Records Act Requests Received on July 23, 2018

Mr. Rubins:

This letter is to advise you that the City of Fairfield ("City") will provide one additional date of disclosure to accommodate its submission of responsive records.

You recall that the City arranged for the disclosure of records responsive to MuckRock's July 23, 2018 Public Records Act requests to occur over the course of the past four months. The final date of disclosure was originally scheduled for December 14, 2018. The City is providing records on this date, however, City staff requires one additional disclosure date to complete the submission of records.

The final scheduled disclosure will be January 14, 2019. If the City can provide the remaining records before then you will receive written notice.

Sincerely,

Amber Alexander  
City Manager's Office Assistant
